SHARING VISION

A Vision for Parish Renewal and Divine Renovation

We would like to present a possible answer to the question that parishes across the world have grappled with for decades. How do we continue to bring people to Jesus Christ in a society and culture constantly moving away from that relationship. From declining numbers to

passive experiences of church, the obstacles for parishes are real.

What would it look like if your parish was full of missionary disciples on fire for mission? What could your Parish Priest accomplish if he had the energy and capacity to lead? These are the questions that Fr. James Mallon seeks to answer in these five short conversations with Peter Herbeck.

Here are the five short videos below that present the 5 key principles of the Divine Renovation process. You are invited to watch them to get an idea of the possibilities ahead of us in our Parish. Enjoy!
